

# **PURE ABSOLUTE NECESSITY OF BLOOD**

THE marvelous results of Hood's Sarsaparilla upon all humors and low conditions of the blood (as evidenced by the cures effected) prove it the best BLOOD MEDICINE. Such has been the success of this article at home and abroad, that it has become a household name. It cures the blood, and restores the system, and renovates the body. Hood's Sarsaparilla cures blood diseases, and as nature's great assistant, it proves itself invaluable as a protection from diseases that originate in changes of the seasons, of climate and of life.

## **SCROFULA.**

MESSRS. C. I. HOOD & CO., Gentlemen:—I have used Hood's Sarsaparilla in my family for scrofulous humor with wonderful success, and am happy to tell you that it is the best medicine we ever used. I do sincerely advise any one who is troubled with scrofula to give this valuable remedy a trial, and assure them they will not be disappointed. Very truly yours, C. C. PICKERING. (Coburn Shuttle Co.)

Hood's Sarsaparilla is sold by all Druggists. Price \$1 per bottle; six for \$5. Prepared by C. I. HOOD & CO., Lowell, Mass.

CLEAN UP.—The weather serves a notice which should be sufficient to all prudent persons that the time to clean up the winter accumulation of filth has arrived. The shaft is surmounted by a statue 5 feet 6 inches in height, a model of which had recently been received by the Lloyd Bros. from Italy. BANK CHANGE.—On Monday the banking house of E. S. Blair & Co. passed into the hands of Messrs. S. M. Heller and J. C. Saur. To get at the facts we give the following correspondence in the Bee, which states them as well as we could give them:

"Dr. E. S. Blair, proprietor of the banking house under the firm name of E. S. Blair & Co., yesterday sold out to Hon. S. M. Heller and Dr. J. C. Saur, who will continue the bank under the firm name of Heller & Saur. Dr. Blair leaves with his successors money sufficient to pay every individual depositor.

This suspension of the banking house of C. H. Coy & Co. at Toledo, caused the depositors with E. S. Blair & Co. to become apprehensive, owing to the relationship existing between Coy and Blair. A severe run on the bank here was the result, but not a certificate of deposit has as yet been presented but what was cashed at once.

The new firm has already taken possession, and being composed of gentlemen of means and wide business reputation, it is safe to predict for them success, and for Napoleon another sound banking house."

Mr. H. C. Groschner informs us that in the contest for school board last week he was considerably weakened by the report being circulated that he was opposed to the building of a school house on the south side. Mr. G. says this report did him injustice, as he is not opposed to a building on that side of the river, but on the contrary, recognizes the fact that the citizens of the south side should have a school house, and that he is in favor of giving them one so soon as necessary funds are forthcoming. In another year or two the old school house bonds will all be paid off, when the district will be in good shape to give them a brick building, whereas if the board was to build now a frame structure would have to suffice, and for that even the district would be compelled to go in debt. It is but natural for the citizens on the south side to feel anxious concerning a school building, but if they can bide their patience until the old bonded debt is wiped out, we are confident their patience will be rewarded by their getting a better building, one more comfortable, and one fully equal to the demands of this fast-growing part of the town.

Heller & Coover sell the Excelsior Self Binder one of the nicest machines ever sent out in the field, it is light, neat and substantial.

MR. EDITOR:—I desire through the medium of your excellent paper to say for the benefit of the Sunday School workers in the Fourth Dist., that our fourth Sunday School Convention that was held in the village of Hicksville last week passed off splendidly. The local attendance and hospitality of the citizens of Hicksville, cannot be surpassed anywhere in the State of Ohio. I wish also in this public way to express my sincere gratitude to the pastors, superintendents, teachers, Sunday school workers and singers in the town of Hicksville for their excellent music furnished during the convention, and especially the chairman of the executive committee, Rev. J. N. Lilly, the pastor of the church where the convention was held, for his wisdom and energy in the selection of good and suitable persons to supply the places made vacant on the programme by those who had been appointed to lead, but did not put in an appearance. I also desire to return my humble thanks to the Editors of the various papers in the district for giving due notice of the meeting and the urgent call for the statistical report of each Sunday school in the district. But I am sorry to say, that not one fourth of the Sunday schools in the district has sent in their report. I made an urgent call through all the papers in the fourth district for the pastors and superintendents to send in their report of 1882. I will now ask the secretaries of the various Sunday schools in the district composing the counties of Defiance, Henry and Paulding to furnish me the statistical report of their Sunday schools, and also to take up a special collection for the support of the Ohio Sunday School Union, and send the same to the undersigned, Malinta, Henry County, O., so that I can make out my annual report by the 1st of May, 1883. Last Sunday there was organized a Sunday school auxiliary to the Ohio Sunday School Union, in the Pleasant Grove Chapel, in Monroe tp., by electing the following officers: Superintendent, Mrs. S. Pittman; Asst. Supt., Mr. J. C. Mohler; Sect'y., Mr. G. Pittman; Librarian, Miss Rose Litzberg; Treasurer, Mr. Milton Phillips; Solliciting Committee, Miss Kate Brightenbach, Miss Ida Mohler, Miss Ada Sauer and Miss Mary Spro.

D. W. DOWNEY

Madam Rumor.

The above named busy body has put a report in circulation, that I intend to sell out and leave Napoleon. I merely wish to say that there is not a shadow of truth to found this report upon. I am still in my old stand and will keep on as heretofore, to sell clothing at one price to all and cheaper than ever. In the language of a celebrated general's report on taking a certain fort, "Here I am and here I will remain."

Respectfully, S. BERNSTEIN, One Price Clothier.

Facts for the People.

Almost everybody in Henry county knows where "Bernstein's One Price Clothing House" is, and how business is done there. But for the benefit of those who may still be uninformed, we will state that Bernstein deals exclusively in clothing for men, boys and children, keeps an extensive assortment to see to set from, and sells more clothing than any other two houses in Napoleon, combined. He buys goods in large quantities of the best manufacturers, for cash and sells at the lowest possible margin.

He makes a study to calculate the very lowest price that an article can be sold for, marks it on the goods in plain figures and sells at that one low price to all alike.

He has done business here on this strictly honest and fair one price plan for over five years, and in that time has saved those who dealt with him large sums of money, on the price of their clothing. All wanting clothing will consult their own interests by patronizing an establishment which thus scrupulously guards and protects the interests of its patrons and saves their money.

Bernstein's One Price Clothing House is on Washington street, next door to Heller & Coover's and directly opposite the Northwest Office.

Largest stock of Spring Piece Goods at S. M. Honeck, the tailor.

Look Out For Paint and Wall Paper.

All who expect to use either paint or wall paper or both this spring, should begin to look around and see where they can be best suited and buy to the best advantage. We would advise all to look through the stock of Saur's Large Drug and Book Store. The stock of wall and window papers here is especially large and the variety great. It is not excelled by any house in the State, which statement may seem a little extravagant, but we are satisfied that if any one will take the pains to look it through, that they will verify our statement. In the line of oils and paints we know that no house carries a larger stock or greater variety, and the quality as well as price is guaranteed to be as low as that of any other house. Saur makes a specialty of the Diamond Paints and Rail Road Paints to which he invites special attention.

Stump and Rock Blasting.

H. A. Howe, the original stump blaster, is now located in Napoleon, O. Having had three years experience, and being one of the first to successfully do blasting of stumps, I think I am safe in saying that I can give you more information and do you better work than any other man. Powder at wholesale and retail. All kinds of blasting tools and supplies kept constantly on hand. Office at English Kitchen.

Go to S. M. Honeck and get one of those beautiful shirt waists for your boys, they are just what you want.
